

# PERPETUAL ASOGWA

## PROFILE

I am a Frontend Developer with 3 years hands-on experience building responsive web applications using Next.js and React. Skilled in JavaScript/TypeScript, modern styling approaches, and integrating frontend features with REST APIs. Passionate about writing clean, maintainable code and collaborating with teams to deliver high-quality features.

## EDUCATION

### BSc Computer Science - University of Nigeria, Nsukka (in view - 2026)

Sept 2022 - Sept 2026

- GPA: 4.0.

## EXPERIENCE

### Frontend developer - Survivors Lounge

June 2025

- Worked with a fellow developer to design and launch a website for a Non-Governmental Organization. The site successfully communicated the organization's objectives, providing a user-friendly experience that helped connect with its audience.

### Software Developer - UniTrack

Nov 2025 - Present

- Building a university project supervision platform to simplify and digitize the process for students, supervisors, and admins. Departmental admins can easily assign supervisors to students, supervisors can track and guide all their assigned projects in one place, and students can submit work and receive feedback online, eliminating the need for manual coordination.

### Technical Lead - Google Developer Group on Campus, UNN

- Serving as the technical lead, collaborating with other leads to conduct workshops on Google tools and facilitate engaging community activities.
- Ensuring the technical rigor and quality of all learning initiatives, from workshops to hands-on projects.

- Curating and managing the curriculum, including topics such as Firebase, Flutter, AI, and Google Cloud; coordinating technical speakers; and overseeing the execution of Codelabs and practical workshops.
- Facilitated a two-week intensive workshop on Gemini and Google Cloud for community members, providing hands-on guidance and mentorship.
- Currently leading a team of developers in building and maintaining the community's website, ensuring it meets technical and usability standards.

## SOFT SKILLS

- Team work
- Leadership
- Communication
- Problem Solving
- Project management

## LEADERSHIP POSITIONS HELD

### Frontend Lead - Shecode Africa UNN

Nov 2024 - Present

- Serving as the frontend lead for a community of young women in tech to inspire, organize events, meetups, workshops and technical activities for the community women.

### Technical Lead - Google Developer Group on Campus, UNN

Nov 2025- Present

- Overseeing workshops and curricula on Firebase, Flutter, AI, and Google Cloud. Mentored participants in hands-on sessions, coordinated speakers, and currently leading the team building the community's website.
